

Tasking Memorandum No. 99-91

Memorandum For Commanders DCMDs, DCMC CAOs

Subject: Software Professional Estimating and Collection
System (SPECS) Installation

Date: January 27, 1999

Suspense Date: February 1, 1999

Target Audience: District Commanders, DCMC CAO Commanders,
Software Surveillance Professionals.

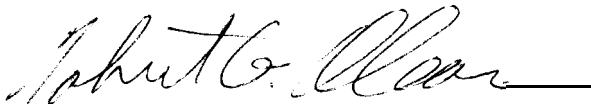

Requirements:

- The SPECS, Version 2.00 was certified effective December 14, 1998. The system is ready for installation as a stand-alone desktop application.
- SPECS Version 2.00 is a PC based desktop tool. The system has been proven to function properly in this capacity. SPECS Version 2.00 is not intended to be used as a server application. Test results indicate that if the application is installed on a server, performance is significantly degraded. Therefore, SPECS Version 2.00 is to be installed as a desktop application only.
- The SPECS software will be released on February 1, 1999. Installation is scheduled for February 1-26, 1999. The software and user's manual will be available for download from FTP Site 160.147.213.30, under subdirectory /SPECS/tool-v20, filenames Diskone.exe, Disktwo.exe, and Manual.exe. The software and user's manual will also be available at www.dcmc.hq.dla.mil/Teaminfo/AQOF/swctr.htm. All Software Surveillance Specialists are required to have SPECS Version 2.00 installed no later than February 26, 1999.
- Point of contact for details concerning the implementation of reporting requirements and business practices involving SPECS Version 2.00 is the Functional Sponsor, Ms. Jamileh Soudah, (617) 753-4123, DSN 955-4123, or e-mail address jsoudah@dcmdc.dla.mil.

Point of Contact for Further Information:

Ms. Maxine James/DCMC-AB/Commercial (703) 767-6929/DSN 427-6929/E-mail address maxine.james@hq.dla.mil
